ICT-BASED INNOVATION EDUCATIONAL TECHNOLOGIES

Main Goal and Activities

The main goal of researched field is to contribute to the adaptation of higher education to digital (NET) generation.

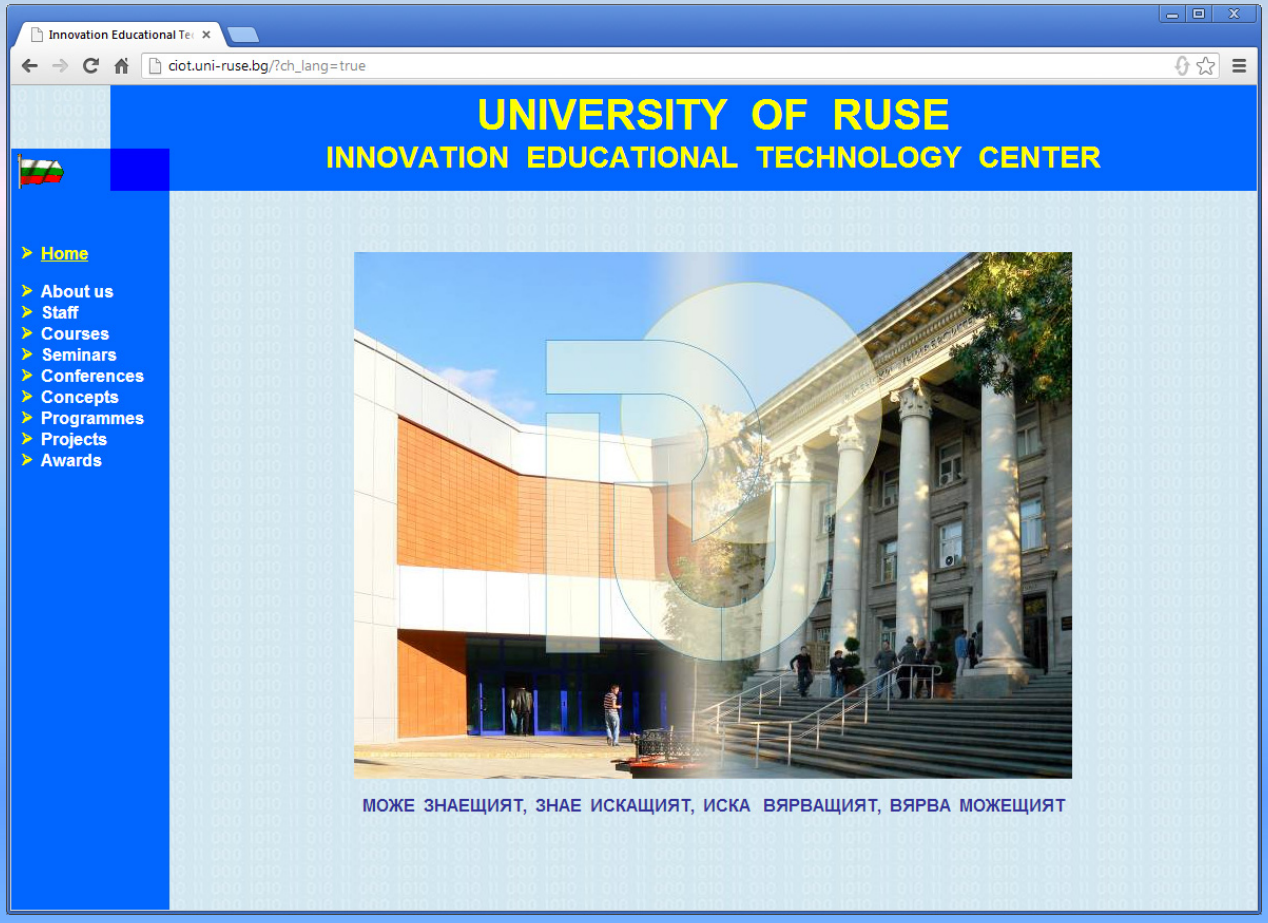
To achieve this objective, the following major tasks are solving:

- ✓ Investigation of the digital generation as an object of study;
- ✓ Development of concepts for the application of ICT in education;
- ✓ Implementation, integration and investigation of virtual learning environments.

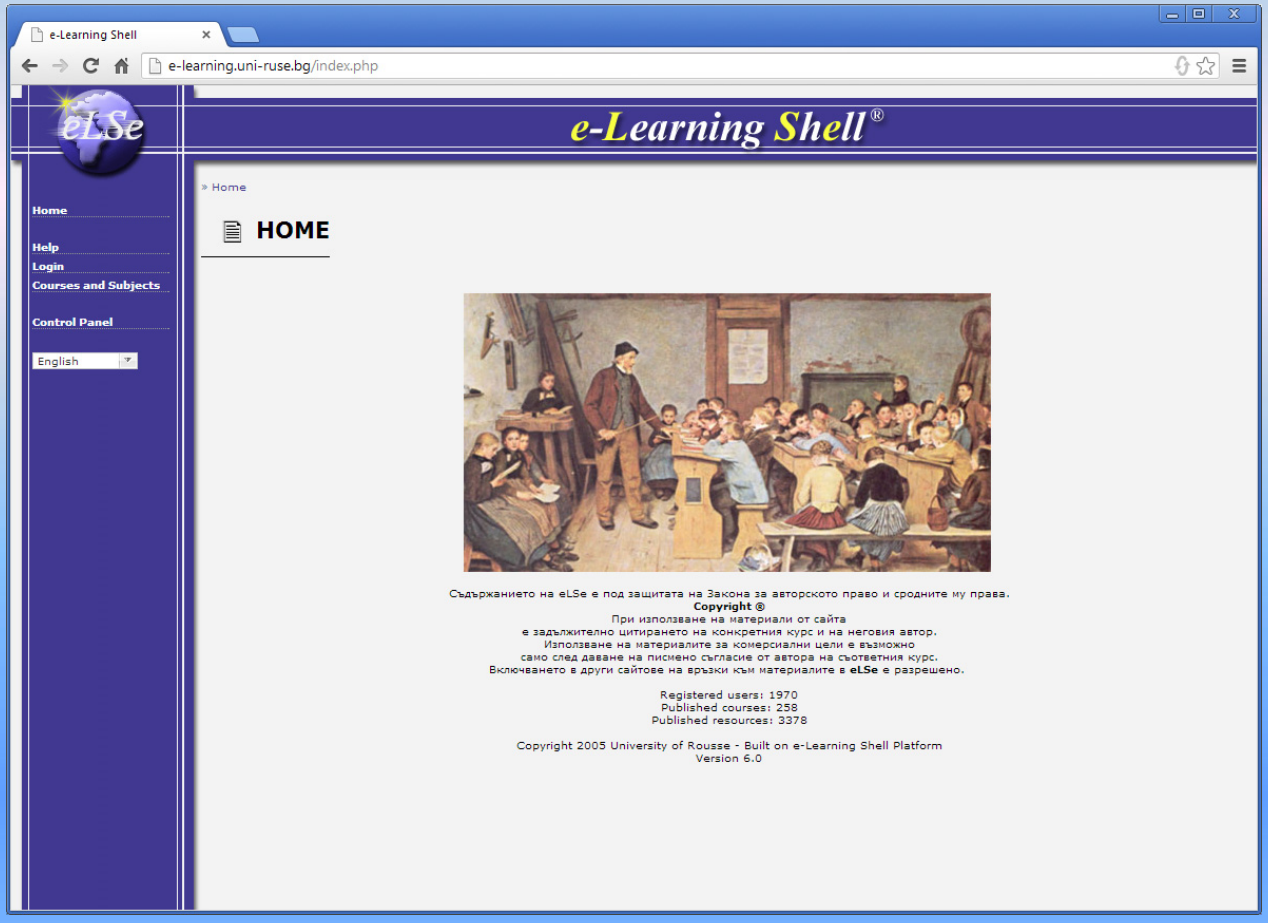
Main Results

- ✓ Innovative Educational Technologies Centre is developed - http://ciot.uni-ruse.bg/;
- ✓ The Centre initiates and coordinates The National Program of Developing a Virtual Learning Environment, that is implemented by projects such as the development of:
  - Platform for e-Learning "e-Learning Shell";
  - Virtual Laboratories;
  - Virtual Info-centre for PhD Students;
  - Pilot Virtual Department of Computing "John Atanasoff";
  - Virtual Faculty of Information and Communication Technologies;
  - Bulgarian Virtual University;
  - National Network of Virtual Libraries.
- ✓ In 2011, the Center, commissioned by the Ministry of Education, Youth and Science, has developed a concept of the ICT implementation at the school education system;
- ✓ The IET Center, in cooperation with the DL Center, has initiated the writing of a proposal for funding the project "Development of electronic forms of distance education at University of Ruse" to the value of 795 000 levs;
- ✓ The Centre annually organizes national seminars and international conferences on e-learning.

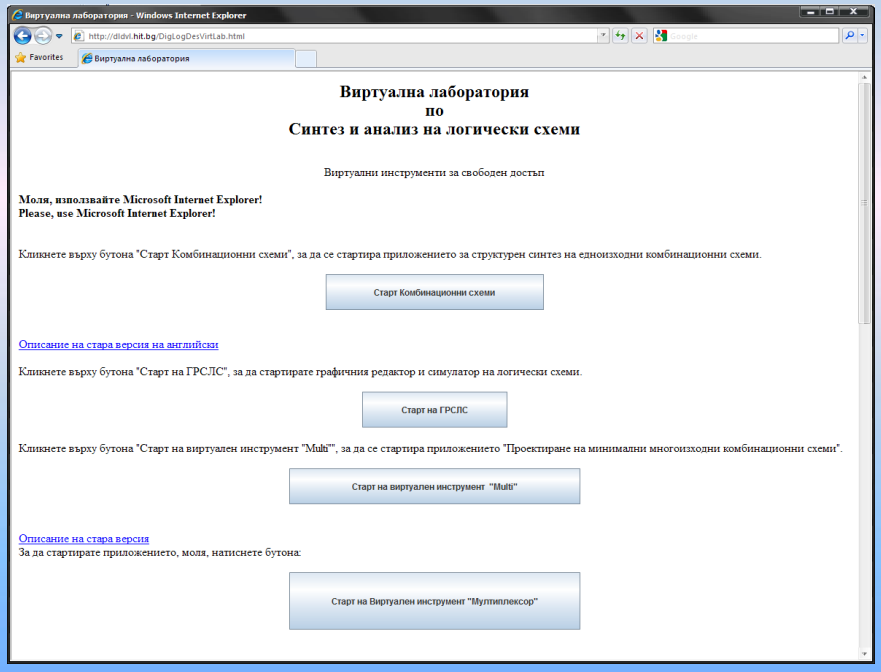
Innovative Educational Technologies Centre



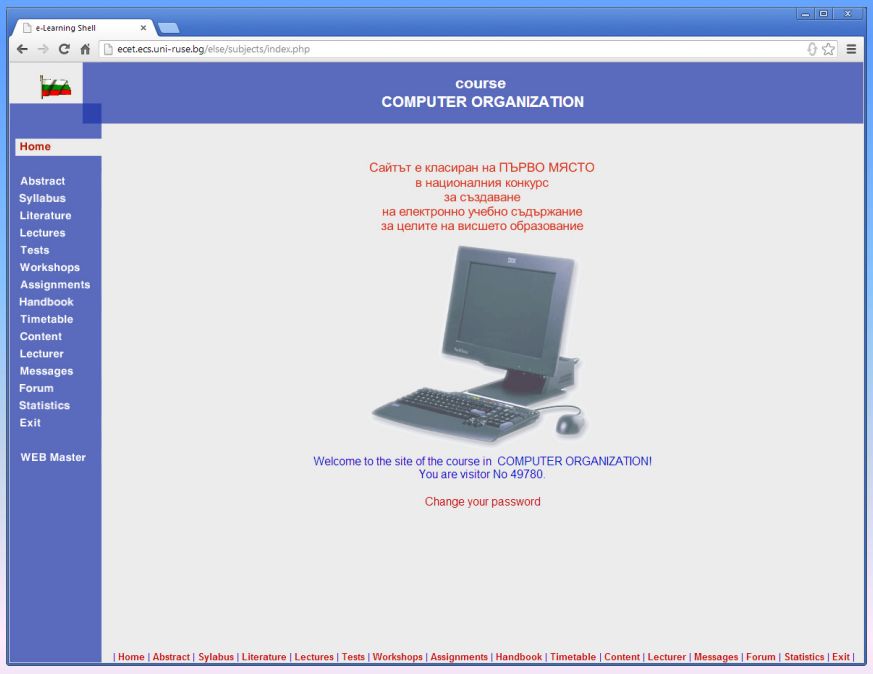
Platform for e-Learning "e-Learning Shell"



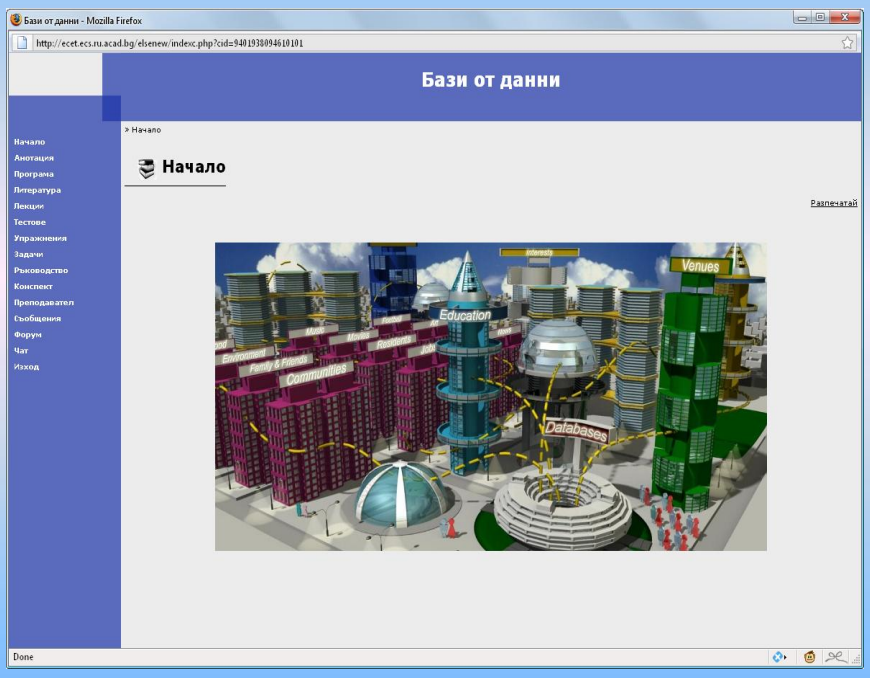
Virtual Laboratories



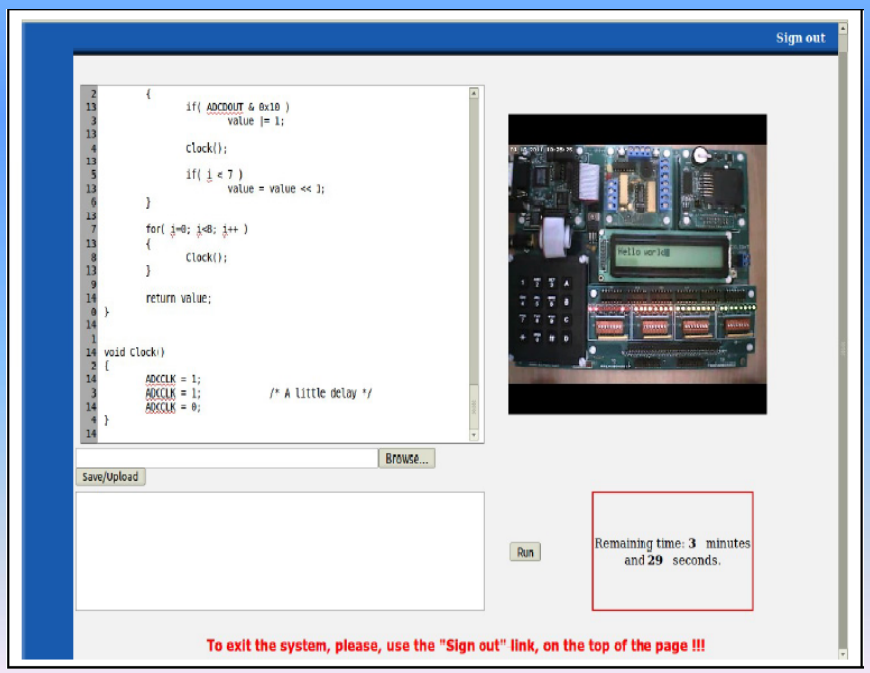
Virtual Laboratory on “Digital Logic Design”



Virtual Laboratory on “Computer Organization”

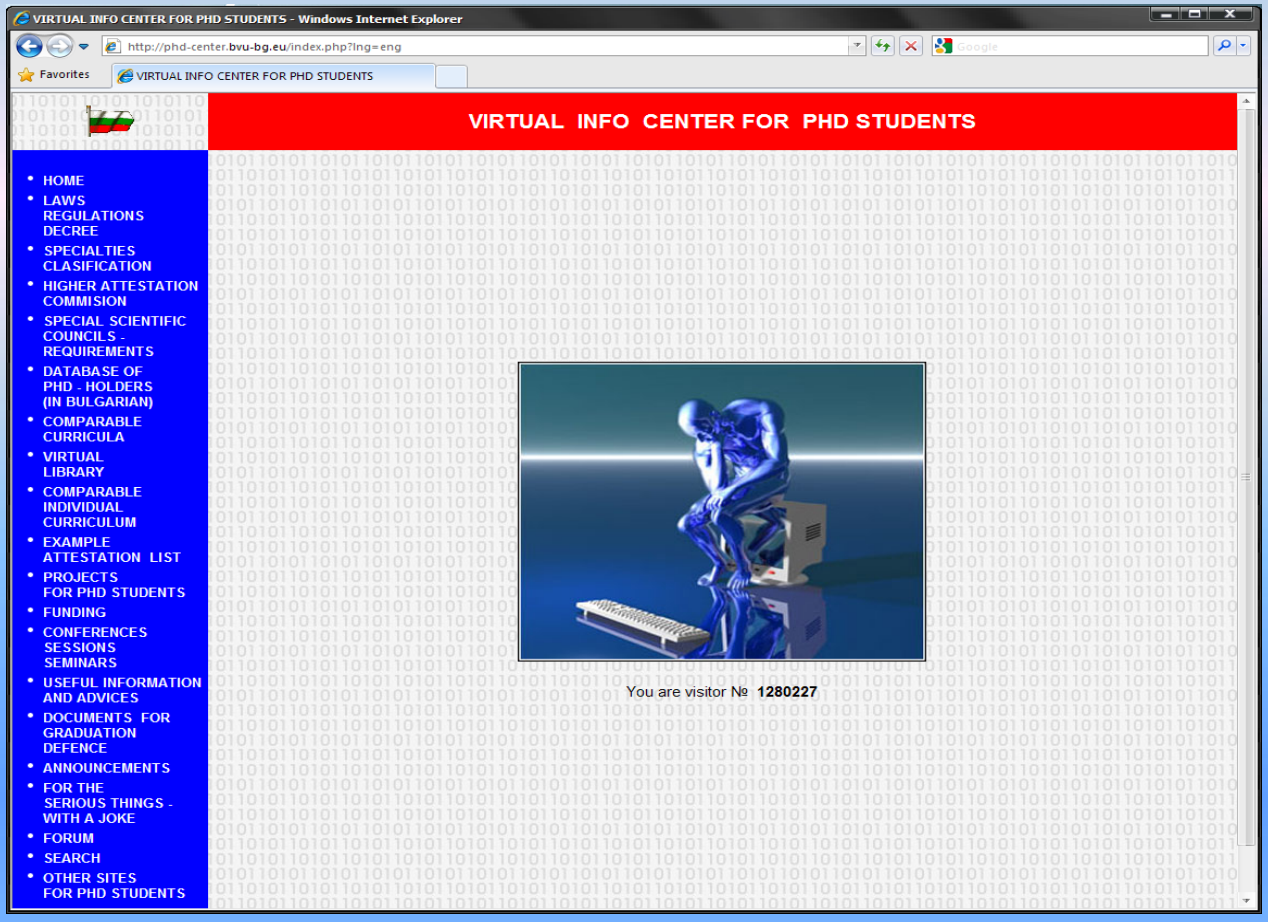


Virtual Laboratory on “Databases”

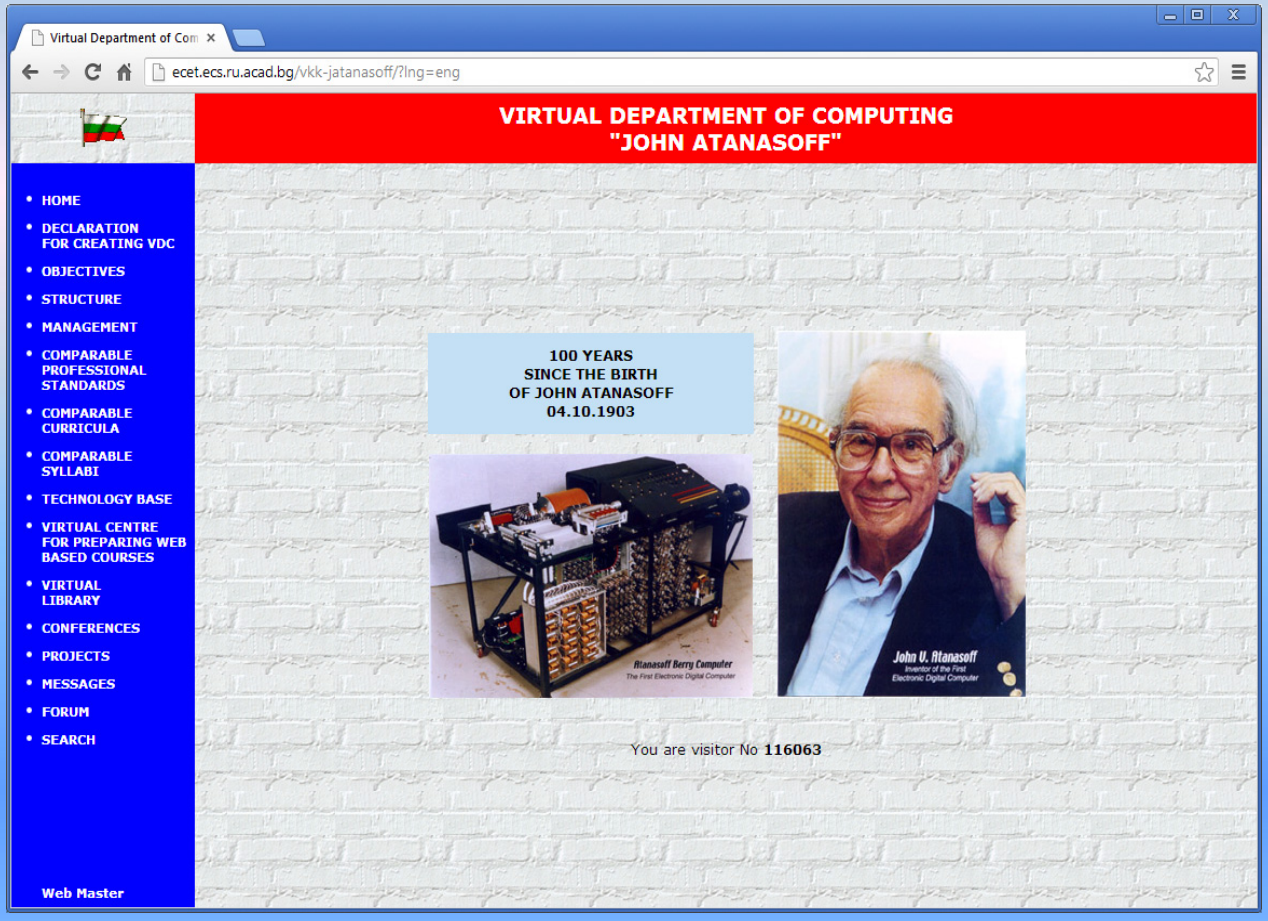


Virtual Laboratory on “Single-chip Microcontrollers”
with remote access to a real hardware equipment

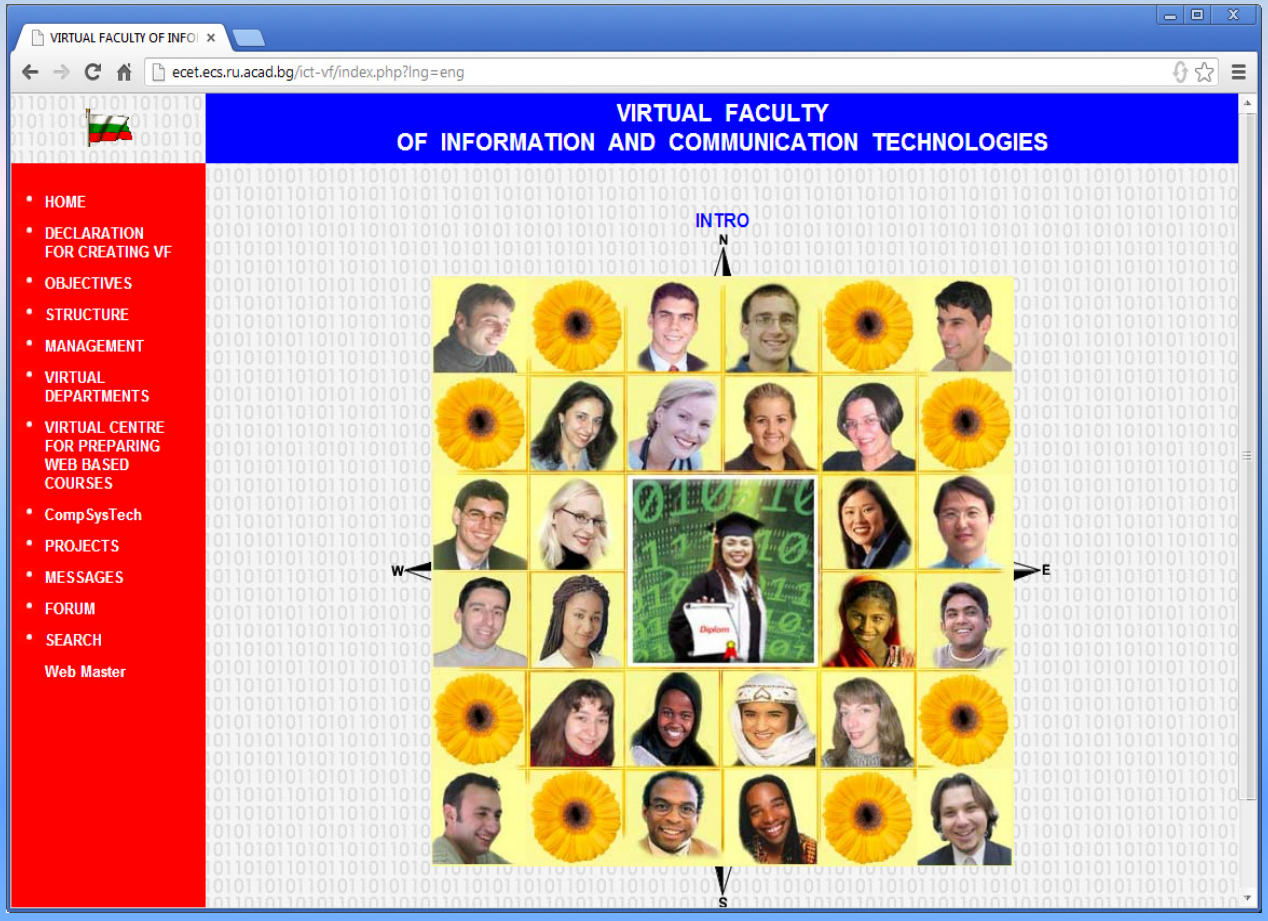
Virtual Info-centre for PhD Students



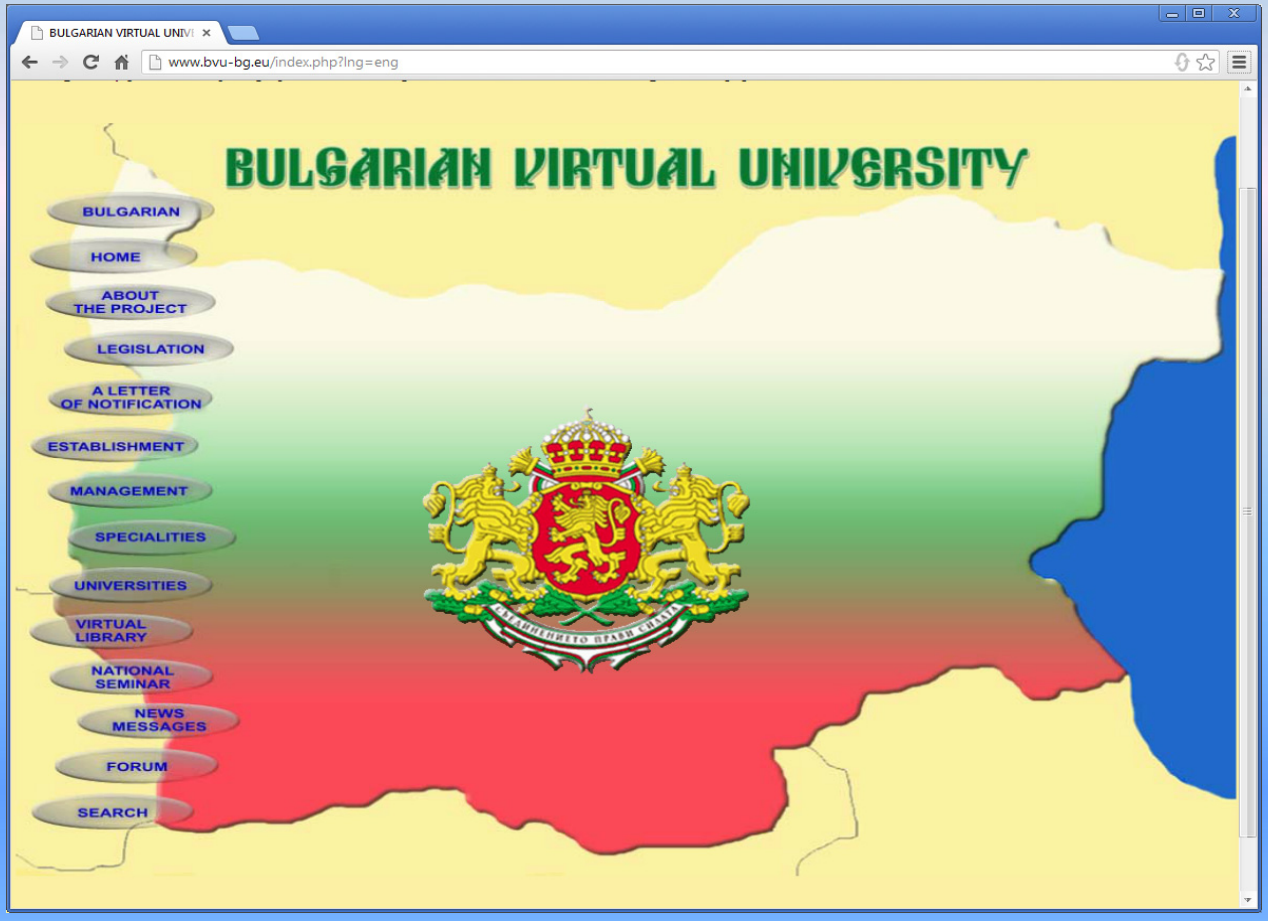
Pilot Virtual Department of Computing "John Atanasoff"



Virtual Faculty of Information and Communication Technologies



Bulgarian Virtual University



National Network of Virtual Libraries

TZVETAN HRISTOV

РЕПУБЛИКА БЪЛГАРИЯ

ГРАМОТА

Президентът на Република България
отличава

Цветан Христов Христов

за неговия принос
в областта
на информационните технологии
за 2005 година.

4 октомври 2005 година
София

Георги Първанов
Президент на Република България

GALINA IVANOIVA

РЕПУБЛИКА БЪЛГАРИЯ

ГРАМОТА

Президентът на Република България
удостоява

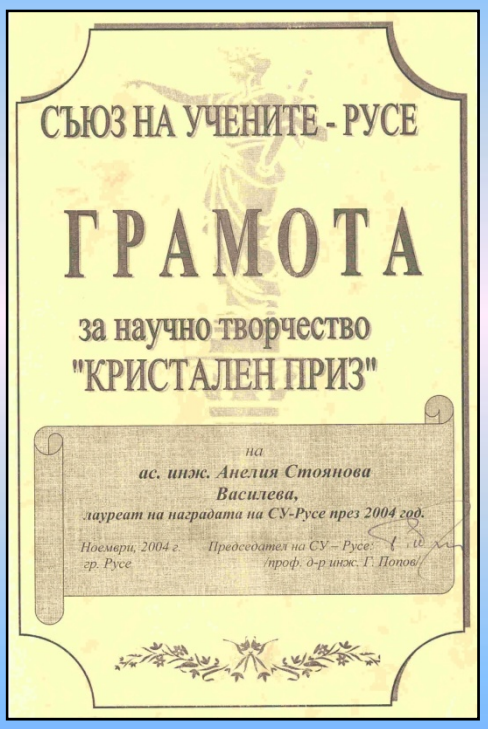
Галина Иванова Иванова

с грамота
за принос,
свързан с развитието на
компютърните и информационните технологии

София, 2009 година

Георги Първанов
Президент на Република България

ANELIA IVANOVA



СЪЮЗ НА УЧЕНИТЕ - РУСЕ

ГРАМОТА

за научно творчество
"КРИСТАЛЕН ПРИЗ"

на
ас. инж. Анелия Стоянова
Василева,
лауреат на наградата на СУ-Русе през 2004 год.

Ноември, 2004 г.
гр. Русе

Председател на СУ – Русе:
проф. д-р инж. Г. Попов
